Dear Authors,

We are glad to inform you that the IEEE electronic Copyright Function (eCF) code for ICELTICs 2018 (44501) is now ready.

Please re-submit your final manuscript (camera-ready) and confirm the copyright transfer via EDAS Systems. We still keep the deadline for final manuscript (camera-ready) submission until September 03, 2018.

We will be issuing the invitation letter after your final submission with the copyright.

Thank you.

Best Regards,
